THE NEED

Nassau County has an alarming number of needy citizens. Among them are homeless people, working poor, single parents with dependent children, people with AIDS, and the elderly. Access to the legal system is only one of their needs— and every practicing attorney can help.

Nassau Suffolk Law Services, in partnership with the Nassau County Bar Association, proudly sponsors the Volunteer Lawyers Project (VLP), an innovative pro bono program to expand the availability of legal services for needy citizens.

Created in 1981, the Volunteer Lawyers Project provides an opportunity for attorneys to fulfill their professional obligations for pro bono work. Attorneys, law students, paralegals, and others volunteer their time and expertise to provide free legal services to the County's indigent residents. Nassau Suffolk Law Services' VLP staff screen clients for financial eligibility, identify the legal issues of each case, and refer clients to appropriate counsel.

The Volunteer Lawyers Project invites you to join your colleagues and make a difference in the life of another.
